BODY & MIND

MASSAGE & THERMAL BODY TREATMENTS

Welcome to a new way of thinking about body treatments! Too often, body treatments are considered a luxury, or solely for pampering, and are not treated as another practise of skin health in the way that face treatments are. Our thermal body treatments encourage skin health, provide the results clients want to see and leave them feeling insanely great.

Salt scrub €40
30 mins

Completely customised to either energise or reduce stress, this mineral salt scrub polishes skin to a soft glow whilst providing critical hydration and nourishment to the skin. Perfect for all skin types.

Back, neck & shoulder massage €35
30 mins

This tailored massage is customised and designed solely for the back to aid relaxation, de-stress the body and address any imbalances. (p)

Hopi ear candling €60
45 mins

Hopi ear candling originates from medical ceremonies performed by a Native American Indian tribe known as the Hopis or Peace People. The candle is actually a cotton tube, impregnated with beeswax, honey and therapeutic oils. Hopi ear candles act like a chimney, drawing away the vapour and any impurities from within the ear. This in turn regulates the pressure system within the ear and the head, making the candle treatment suitable for many conditions. (p)

De-stress massage €70
60 mins

This tailored massage is customised to de-stress the body and give you ultimate relaxation. Suitable for men.

Swedish massage €70
60 mins

A full body, medium to deep pressure massage that involves stroking and kneading the soft tissue to induce relaxation.

Reflexology €60
60 mins
Reflexology is a natural healing art and is the practice of applying precise hand and finger pressure to specific points on the feet to stimulate the body's own healing system. These points are believed to correspond to specific organs and structures in the body.

Reflexology is a non-invasive, safe, and effective treatment. Since the feet and/or hands are the only areas being addressed, there is never any need for removal of clothing.

Indian head massage €40
30 mins

Incorporates the neck, head, face and shoulders, ideal for relief of tension headaches, migraine, anxiety and eye-strain.

Pregnancy massage €75
60 mins
This specialised massage is customised to nourish the skin and relax and repair the body throughout each stage of pregnancy. Not recommended in the first 3 months. (p)

PLEASE NOTE:

Certain body treatments can not be carried out during pregnancy, so please always advise when booking or see our recommended (p) beside any ideal pregnancy body treatment or massage.
